# Veeam Data Platform: Premium Edition Demo

Experience the Veeam Data Platform — Premium Edition with this demo video that demonstrates how you can achieve data resiliency against any threat with:

- Accelerated backups via snapshots and Continuous Data Protection (CDP)
- Identification of suspicious activity with Veeam monitoring and analytics
- Automated disaster recovery (DR) and compliance documentation creation
- Automated testing of backups to ensure they are ransomware-free
- Orchestrated recovery that allows you to restore with clean data every time
